

Our family listens night and day, at home, in our cars and in our office to KLOVE radio station here in Tucson, AZ. We oppose the new broadcast service LPFM that may interfere with our being able to hear KLOVE radio on our 100.9 FM. Being able to listen to KLOVE benefits our family as we are encouraged with Christian music and commentary. Having KLOVE on the air is definately in the public interest. Please do not allow LPFM to force KLOVE off the FM translators. We don't know what we would do without KLOVE!

Thank you!

Lucy Smith
